Small Houses

At Sarah Neuman we pioneered the “**Small House**” model. Warm, inviting places that truly feel like home, because they are. Our three Small Houses deliver innovative approaches to both rehab and long term care, and are based upon the renowned **Green House™** philosophy of care. Residents receive high-quality personal and medical attention in small, self-contained households that emphasize autonomy, dignity, and meaningful life. Small Houses feature:

- **Beautiful communal spaces**
- **Resident-friendly kitchens, a central dining table and an inviting common room**
- **Specially trained caregivers who get to know each resident, so they can offer highly individualized care**

Our Small Houses have worked so well that we plan to open four more in the near future.

We are New Yorkers. We're here to help you live life on your own terms, wherever you call home and whatever your care needs.

Now is the right time to get started.
