

## The New Jewish Home COVID-19 Recovery Unit

The New Jewish Home has received approval from the New York State Department of Health to begin admitting COVID positive patients to our Manhattan campus. Your patients will be admitted to the Sutro building. The Sutro building has 100 dedicated sub-acute care level beds **consisting of private and semi-private rooms**. We will be able to accommodate patients as described in the admissions criteria below.

### **Services Offered:**

*As part of our commitment to providing high level post-acute care, The New Jewish Home will provide COVID-19 positive patients with the following services:*

- *24-hour medical coverage from board-certified medical practitioners*
- *Telemedicine consultations for specialty services*
- *Clinical pathway to administration of intravenous monoclonal-antibody therapy & po (by mouth) dexamethasone; available on site*
- *24-hour RN service coverage*
- *PT / OT / ST services*
- *Discharge planning to facilitate transition of care back to the community or prior level of care*
- *Family liaison with capacity to communicate via video calls*
- *Facility Practice to admit to single room isolation occupancy on day of admission whenever possible*

### **Admissions Criteria:**

- *Patients who are past their infectious period, per CDC policy (i.e., 10 days have passed since the patient's first positive COVID test or since start of COVID symptoms)*
- *No documented behavior or Level 2 PASSAR Services.*
- *Newly admitted residents must be received at our facility prior to 8pm.*
- *Warm handoff between hospital and SNF physician. THIS MUST OCCUR PRIOR TO ADMISSION.*
- *Must have S/T rehab discharge disposition*
- *No scheduled off-site appointments within 14 days*
